Robin suggested a more targeted approach to wildfire preparedness for SWND. All of SWND (1553 acres) lies in the wildland-urban interface. Half of the district is designated as high hazard for wildfire on the most recent draft of the Oregon Statewide Hazard Map. Robin suggests SWND outreach be targeted to high hazard neighborhoods as new state building and defensible space codes will apply to high hazard, WUI properties upon their adoption and the release of the map. Upcoming Oregon Defensible Space Informational Session: November 19, 8:00-9:30 am. Robin to draft a "Quick Start Guide" for neighborhoods interested in becoming a Firewise community.

Meeting adjourned, with no objection, at 7:30 pm.
